

## **Alpha Electric A/S is a part of InstallatørGruppen**

InstallatørGruppen has entered into an agreement to acquire Alpha Electric A/S, a traditional electrical contractor based in Slangerup, Denmark. The acquisition marks InstallatørGruppen's 41<sup>st</sup> acquisition in Denmark, bringing the total number of companies across Denmark and Switzerland to 45.

Including one previously announced transaction subject to regulatory approval, the total number of acquisitions in Denmark will increase to 42, and the total number of companies across Denmark and Switzerland to 46 upon completion.

Alpha Electric A/S will continue to operate independently under its current management, with Morten Vest Therp and Nicolai Beck Christensen leading the company, in line with InstallatørGruppen's decentralised partnership model.

With Alpha Electric A/S, InstallatørGruppen gains a well-established partner with strong technical expertise and over 20 years of experience delivering electrical solutions to commercial and residential clients.

Peter Frandsen, Country CEO of InstallatørGruppen in Denmark, comments: "Electrical installation is the backbone of any modern building, and the demand for skilled contractors continues to grow. With Alpha Electric A/S, we are adding a well-established team with strong technical expertise and a broad capability set that will further strengthen our platform in Zealand."

Morten Vest Therp, Owner-Manager of Alpha Electric A/S, adds: "We have always believed that the best result comes from truly understanding what the customer needs. Joining InstallatørGruppen gives us the platform to keep doing exactly that, but with even greater resources behind us."

Alpha Electric A/S was founded in 2003 and employs 56 people. Revenue in 2025 was DKK 76 million. The company delivers solutions within electrical contracting, service, and fire protection, including ABA, ABDL, AVA and ABV systems, as well as larger contract works. The acquisition will strengthen InstallatørGruppen's presence in Zealand and add further capabilities in specialist fire protection solutions.
