

HAC EL A/S joins InstallatørGruppen

InstallatørGruppen has entered into an agreement to acquire HAC EL A/S, an electrical installation company based in Kjellerup in central Jutland. The acquisition marks InstallatørGruppen's 42nd acquisition in Denmark, bringing the total number of companies across Denmark and Switzerland to 46.

Including one previously announced transaction subject to regulatory approval, the total number of acquisitions in Denmark will increase to 43, and the total number of companies across Denmark and Switzerland to 47 upon completion.

HAC EL will continue to operate as an independent company under its current management, with Claus Therkildsen, Hans Erfurt and Anders Moeslund Pedersen leading the business, in line with InstallatørGruppen's decentralised partnership model.

With HAC EL A/S, InstallatørGruppen strengthens its position within electrical installation and further expands its footprint in central Jutland.

Peter Frandsen, Country CEO of InstallatørGruppen in Denmark, says: "HAC EL is a company that has earned the trust of its clients through consistent quality and a genuine care for doing things properly. That is a culture we recognise and respect, and it is precisely what makes them a strong addition to the Group."

Claus Therkildsen, Owner-Manager of HAC EL A/S, comments: "We have spent years building something we believe in, and it was important for us to find a partner who sees that too. InstallatørGruppen gives us room to grow on our own terms, and that matters."

HAC EL was founded in 2021 and revenue in 2025 was DKK 27 million. The company has built its reputation by delivering reliable electrical solutions across both new build and renovation projects. The company specializes in electrical contracting services and serves both smaller and larger construction projects, primarily within the local area. With approximately 35 employees, HAC EL handles projects of all sizes while maintaining a strong focus on quality and sound financial management for its clients.

About InstallatørGruppen

InstallatørGruppen is a leading provider of technical installation solutions in Denmark and Switzerland. The Group consists of independent companies with a strong local presence and solid technical expertise. The companies deliver solutions within heating and plumbing, electrical, ventilation, cooling, and adjacent disciplines, including sprinkler installations, energy optimisation, building automation, fibre optics infrastructure, and solar panel installations. The Group's ambition is to be a preferred partner in the energy transition. InstallatørGruppen is owned by its owner-managers and FSN Capital, a leading Northern European private equity firm.
